

REMARKS

This application is a division of Application No. 09/771,336 filed on 01/26/2001. In that application, in response to a final restriction requirement, Applicant withdrew claims 20-28 from consideration and prosecuted elected claims 1-19. The present application is being filed as a divisional application to pursue the subject matter of claims of claims 20-28 of the parent application, and includes the written description, claims, drawings, and oath of the parent application. Accordingly, this amendment is being filed to insert the required reference to the prior application in the specification and to cancel claims 1-19.

In view of the foregoing, it is respectfully requested that the amendment be entered before calculating the filing fee.

Respectfully submitted,
